

Technology Device Lending Policy

The Shorewood-Troy Public Library, at its discretion, will make various technology devices available for patron use inside the library. Use of these devices indicates agreement to the terms of this lending policy.

Laptops & Chromebooks

The library's laptops may only be used in the library. Removal of a library laptop from the library will be considered theft. All applicable laws will apply.

Eligibility

The borrower must be 13 years of age or older and have a valid library card. To check out a laptop, the borrower must present one of the following: A) their library card; B) a school ID; or C) a valid Illinois driver's license or state ID. The ID will be held at the circulation desk until the laptop with all pieces in working order is returned to library staff.

Loan Period/Availability

Laptops are available on a first-come, first-served basis and may not be reserved.

Borrowers may check out only one laptop per day.

Laptops can be checked out from the circulation desk for 90 minutes. The session may be extended if no other patrons are waiting to use a laptop.

Laptop lending will end one hour before the library closes. The laptop must be returned no later than 30 minutes before closing.

Laptops must be returned to the circulation desk in person, and must be turned on for inspection purposes. Do not return the laptops to the book drops or leave them on the counter. Borrowers should be prepared for a brief wait while staff verifies that all items have been returned in working condition.

A patron's privilege to check out a laptop may be suspended if the patron fails to return loaned equipment on time. Laptops not returned by library closing time will be considered stolen. The police department will be notified and an investigation may be initiated.

Limitations

Each laptop is equipped with operating software and built in Wi-Fi. Use within the library does not require an access code. No additional software may be installed or downloaded.

Audio or video files must be played with headphones. Skype and similar video communications must be done within the study room.
